Notice to Videographers – updated 7/15/2014

We ask that Videographers respect the dignity of the sacrament of marriage and the holiness of the commitment that couples are celebrating. Therefore, the Videographer is expected to abide by the following guidelines and do nothing that will distract from the ceremony itself.

Videography

1. Videographers should not move about in a distracting manner during the ceremony.
2. A video camera may be set up in the rear of the church and/or a front side aisle and may run throughout the ceremony, provided it is not moved and the videographer does not move about in a distracting way.
3. A stationary camera may be set up in the work sacristy area (please see attached sheet) provided that the operator or camera remain in place for the duration of the wedding ceremony.
4. During the entrance procession, a Videographer may sit or kneel in the front open pew on either side of the church. In a discreet manner, they can film the procession until the Bride approaches the altar. At that point, the Videographer must discreetly move to the side aisle.
5. Placement of equipment must not obstruct the flow of traffic in the side aisle at communion time.
6. There are to be no video cameras in the sanctuary, with the exception of the work sacristy as noted. The sanctuary is the area on or above the bottom step, across the front of the church, and includes the side altar areas.

Please complete the following and return *at least two weeks* before the wedding to Mary, Queen of Peace, 1501 W. Causeway Approach, Mandeville, LA 70471.
